IHT reserves the option to either replace or repair the equipment, and reserves the right to substitute materials of equal quality at time of replacement, or to use reconditioned parts in fulfillment of this warranty. This warranty does not include batteries, reprogramming, damage by lightning, electrical surge, and wire breaks. IHT is not the manufacturer of the equipment and other than IHT's limited warranty Customer agrees to look exclusively to the manufacturer of the equipment for repairs under its warranty coverage if any. Except as set forth in this agreement, IHT makes no express warranties as to any matter whatsoever, including, without limitation, the condition of the equipment, its merchantability, or its fitness for any particular purpose. IHT expressly disclaims any implied warranties, including implied warranties of merchantability or fitness for a particular purpose. The warranty does not cover any damage to material or equipment caused by accident, misuse, attempted or unauthorized repair service, modification, or improper installation by anyone other than IHT. IHT shall not be liable for consequential damages. Customer acknowledges that any affirmation of fact or promise made by IHT shall not be deemed to create an express warranty unless included in this contract in writing; that Customer is not relying on IHT's skill or judgment in selecting or furnishing a system suitable for any particular purpose and that there are no warranties which extend beyond those on the face of this agreement, and that IHT has offered additional and more sophisticated equipment for an additional charge which Customer has declined. Customer's exclusive remedy for IHT's breach of this contract or negligence to any degree under this contract is to require IHT to repair or replace, at IHT's option, any equipment which is non-operational. This warranty gives you specific legal rights and you may also have other rights which vary from state to state.
